Day 18

## ABOUT THIS REPORT

This cycle report shows details such as cycle length, luteal and follicular phase length, period flow and more for your last 12 Ava cycles. You can share it with your doctor or store it for yourself.

- This cycle report displays the last 12 cycles recorded on the Ava app.
- In the statistics we use the median length based on these last 12 cycles.

The Ava fertility Tracker collects physiological data during night, transfers them to a Smartphone app and calculates the status of the menstrual cycles by the hormone-induced changes of physiology. More information about Ava's clinical research, scientific publications and technology can be found at: [www.avawomen.com/how-ava-works/healthcare](http://www.avawomen.com/how-ava-works/healthcare)

This cycle report gives an overview of your last 12 menstrual cycles. If you need medical advice or have any medical questions always consult your physician or other appropriate medical professionals. Please read the operating instructions of the medical device completely before use.
