

Ava is a digital health company with offices in Zurich, San Francisco, Belgrade and Makati that aims to advance women's reproductive health by bringing together artificial intelligence and clinical research. Our wearable device, smart app and proprietary predictive algorithms empower women by giving them unique clinically researched insights and personalized data about their menstrual cycle, fertile window, and pregnancy delivered in a way that's convenient and non-invasive. Ava was voted Best of Baby Tech at CES 2017, named a Women's Health "Editors' Choice" product and has been honoured as the best Swiss startup in 2017 and 2018. Our current key markets include USA, Germany, Switzerland and UK.

Would you like to join us to accelerate our scientific output and contribute to our publications? In co-operation with the University Hospital Zurich we are looking for a:

Medical writer (20-80%)

Location: University Hospital Zurich and/or Ava AG Office, Zurich with possibility to work flexibly and from home

Please note that the contract is with the University Hospital Zurich for a fixed-term duration of six months. We welcome freelancers and will give priority to candidates who can start with immediate effect.

Responsibilities:

- Independently write, edit and review scientific publications such as original research articles, abstracts and congress presentations (posters, slides) according to the direction from the authors and in collaboration with key cross-functional stakeholders
- Manage and document the review and approval process of a publication prior to submission and independently complete the submission to the journal/congress
- Assist in the preparation and development of publication plans
- Think inside and outside of the box to bring novel ideas to fruition
- Synthesize scientific knowledge for internal and external use (e.g. marketing)

About you:

- Master's or PhD degree in life sciences, medicine, epidemiology or biology
- Very strong publication track record in medical area/clinical research and/or experience as a medical writer in the pharmaceutical industry, medical device industry or medical communications agency
- A minimum of one first authored publication in a clinical journal
- Prior experience in women's health, fertility and endocrinology are big pluses
- Willingness to work flexibly and independently, in an interdisciplinary and international environment
- Ability to work under pressure and meet challenging deadlines
- Excellent written communication skills
- Fluency in English with proven solid English writing skills, German and other European languages are a plus
- Affinity for women's health, medical devices and digital technology
- Swiss or EU/EFTA work permit

Would you like to contribute to a highly motivated team? If yes, please apply online or send your complete application to recruiting@avawomen.com.

Please be aware that only fully documented applications (CV including most relevant publications, a 150 words motivation letter) can be considered.

Ava – Revolutionizing women's health

Martina Rothenbühler, Clinical Data Scientist

Should you not hear back from us within 3 weeks your application has unfortunately not been successful for the respective role.
